Sample APA Format for Title Pages and References

Ailya Rose
Charter College

The title page must have the full title (with main words capitalized), your name and Charter College double spaced and centered vertically and horizontally.

All references must have a hanging indent. A hanging indent is when the author’s name protrudes out to the left and the additional information is tabbed below to show it all goes together.

The entries on this page are alphabetical by author. If no author, first word of title takes the place of the author.
